

METRIC FITTINGS

As well as standard push-fit connections & metric fittings that work with specific threads, we offer selected fittings with SuperThread technology that enables them to be used with any thread type.

The special polyurethane seal feature means no sealant need be applied to make an airtight joint. There is no danger of tape entering the system.

Fittings with SuperThread also have countersunk throughbores to provide superior flow characteristics.

The design allows for a smaller compact body & reduced hexagon size.

**STRAIGHT ADAPTOR
METRIC MALE**
