# BAND-IT

THE ULTIMATE FASTENING SYSTEMS

BAND-IT® BAND: 201 STAINLESS STEEL BAND

This is the standard choice of BAND-IT products, offering very high strength, clean appearance and good resistance to oxidation and weathering. This non-magnetic material is the choice for municipal and industrial markets. Now with EASY SCALE®, a patented imprint on the band to determine band length. Eliminates costly waste and complicated measuring by allowing users to quickly and precisely roll out the length of band needed for any clamp. No more guesswork!

- 201 Stainless Steel offers good resistance to oxidation and many moderate corrosive agents
- Utilized in general use banding applications
- Can be used with clip style buckles to create band clamps
- Packaged in a standard box or a durable plastic tote for easy dispensing

PRODUCT SPECIFICATIONS

PART NO.	MATERIAL	WIDTH (IN)	THICKNESS (IN)	AVERAGE BREAKING STRENGTH (LBS)	PACKAGE QUANTITY	WEIGHT (LBS)
C20299	201 SS	1/4	0.020	500	100'/Roll	1.7
