

BAND-IT®

Stainless Steel Cable Fixing and Identification Systems

Fire hazards... corrosive environments... temperature extremes... for many applications, plastic cable ties and identification tags are simply inadequate – or even dangerous.

With over 75 years experience, BAND-IT® has developed a complete selection of high quality cable ties, application tools, and identification solutions. Manufactured from 304 and 316 grade stainless steel, these products are ideal for use in harsh and hazardous environments.

PRODUCT BENEFITS

- High strength
- Corrosion resistant
- Withstand extreme temperatures
- UV resistant
- Fire resistant
- Zero Halogen / Low Smoke coatings
- Quick & easy to install

APPLICATIONS

- Petrochem & refineries
- Offshore platforms
- Shipbuilding & submarines
- Power & energy
- Bridges & tunnels
- Rail & underground
- Public buildings
