

Disaster Recovery

Complete Line of Fastening Solutions for Disaster Recovery Applications

Hurricanes

Floods

Ice Storms

Tornados

- Fast, easy application
- Temporary and permanent solutions
- Corrosion and UV resistant
- Broad product selection

Water Removal

Flooding? Large volumes of water need to be moved **FAST**. Bring in BAND-IT® hose clamping products for suction and discharge hose to use on high volume water transfer applications. BAND-IT® products make hose assembly quick and easy.

Traffic Management and Sign Hanging

When traffic lights and signs have been demolished, rehang them **FAST** with the superior strength of BAND-IT® brand band and buckle products. BAND-IT® products are the industry standard for quality and performance in municipal applications. Mounting plates can be used to hang temporary span wire for traffic signals. Check out our complete product lines for more permanent traffic management solutions.

Temporary Security Fencing

Need to secure a perimeter **NOW**? Keep out looters? BAND-IT® products make securing temporary fencing easy, and our Ultra-Lok® products are tamper proof! For any type of quick fix, use our stainless steel cable ties for securing things in almost any type of application.

Communication Cable Management

When harsh storms down communications lines, BAND-IT® products can help to secure cable lines and get them back up and running again. Mounting plates can be used to support guy wires or to tie loose cables down on portable power and communication stations. Fast, simple, **Total Fastening Solutions...** That's BAND-IT®.
